

Consensual Agreement with Buyers of Puppies

You have decided to buy a puppy whose breeder has invested much love and time to provide you with a healthy Belgian Shepherd dog that will be optimally qualified to share your life over the years. The German Club for Belgian Shepherd Dogs (Deutscher Klub für Belgische Schäferhunde DKBS e.V.) supports the breeder in this endeavor. Our aim is to bring out the natural qualities of the Belgian Shepherd as a genetically healthy breed and to enhance these qualities by strict breeding regulations (Statutes DKBS e.V. §3.1). The animal's character, its social compatibility, constitution and appearance as well as its suitability as breeding stock and the qualities as a working dog are to be promoted, maintained and consolidated (Statutes DKBS §2.1a). In the long run, this can only be carried out if data from as many dogs as possible is secured and evaluated. It is in this respect that we ask you for your support.

Your personal details are registered for printing the pedigree and to keep the breeding records of the DKBS, so as to send you questionnaires on health matters and the form for the x-ray diagnosis; upon completion of this x-ray examination, the advance deposit for it will be refunded.

The DKBS respects your privacy and your personal rights.
